## **Park Sport Court Rules**

### **Lake Park and Petite Creek Park Courts**

1. All players must wear rubber—soled tennis shoes. (Please do not use shoes that leave black marks on court.)
2. For safety reasons, no children spectators or pets are allowed inside the playing area when games are underway.
3. No food or glass containers are to be brought on courts.
4. The courts are for designated sports only (Tennis, Pickle Ball and Basketball). Roller skates, inline skates, scooters, skateboards, bicycles, etc. are prohibited as they damage the court surface.
5. Please ensure the Petite Creek Park tennis gates are locked upon leaving to prevent vandalism.

### **Tennis and Pickle Ball Courts Etiquette**

1. When others are waiting, players will limit their play to one set of singles or two sets of doubles. After playing out one's allotted time neither the homeowner nor any of their guests should immediately play again on the same court while other players are waiting. Warm up times are to be limited to five-minutes when other players are waiting.
2. Please observe general tennis and pickle ball etiquette

### **Reserving Courts in Petite Creek Park**

With the introduction of Pickle Ball, the courts have become more popular with residents and there needs to be a way courts can be reserved for Association Sponsored Tournaments and a family's or group of residents' planned tournament. At other times courts should be available to all residents, especially on weekends for those that work following Etiquette Rule 1, above.

1. The Activities Committee can reserve both courts at the same time for an Association Tournament lasting up to 4 hours.
2. A family or a group of residents can reserve a single court in advance for up to two hours for an event with eight or more players.
